

Weekly Project SCRUM Report
Date: 03/31/21
Project Name: Baystate Banner: LatinX Republican Support
Team Members: Ngozi Omatu Song Xie Matan Ziegel Gil Lotzky Anna Xie
Tasks Completed this Week: <ul style="list-style-type: none"> <li>- Ensure to add line charts in addition to the bar graph for the presidential and governor data</li> <li>- Find correlations between population vs voter, or subgroup vs voter</li> <li>- Process and use the data for Governor demographics to analyze</li> <li>- Early Presentations</li> </ul>
Plans for Next Week: <ul style="list-style-type: none"> <li>- Getting insights from the geospatial data and virtualizations</li> <li>- Since demographic data is in tract form, we can merge the datasets based on precincts</li> <li>- Complete the Teammate valuation form</li> </ul>
Obstacles and Questions: <ul style="list-style-type: none"> <li>- For key question 3: Which LatinX groups exhibited changes in their votes and which groups remained the same? There is difficulty answering this question due to lacking data that connect city election results and city demographic data, i.e. unable to break down city election results by demographics as we are only given each city's aggregate election results.</li> </ul>
When is the next meeting with the client? Next client meeting on 04/07
