

Weekly Project SCRUM Report 1
Date: 03/18/21
Project Name: Relationship between health insurance access and coverage on COVID rates (recovery & death) and vaccination access
Team Members: Linsy Wang, Sooyoun Lee, Dana Zheng
Tasks Completed This Week: <ul style="list-style-type: none"> - Updated client on the topic/project - Discuss next steps/ Project Deliverable 1
Plans for Next Week: <ul style="list-style-type: none"> - Find an insurance dataset - Begin our analysis on the dataset (clean, pre-process data) - Start to brainstorm ways to merge/relate our datasets - Finalize which datasets to use for our project
Obstacles and Questions: <ul style="list-style-type: none"> - Is the usa_county_wise dataset sufficient? - Can we use the insurance dataset we already have in any way? - What are some techniques we can use to relate our datasets to analyze any trends or relationships between them?
Met with the client recently? When is the next meeting? <ul style="list-style-type: none"> - Met 03/16, next meeting 03/23
